WORK EXPERIENCE

Front-End Development Bootcamp

SHE CODES TOO

Jan 2024 - Sep 2024

I have completed a 7-month training program focused on front-end development, where I acquired foundational skills in HTML, CSS, JavaScript, React.js, Tailwind CSS, and Git. Throughout the course, I developed several projects to prepare for the job market, including a personal portfolio and a final project utilizing React.js.

Additionally, I gained experience with frameworks, TypeScript, validation, authentication, and UI/UX design using Figma.

Meta Front-End Development Course

COURSERA

Jan 2024 - May 2024

I completed the Meta Front-End Development Course offered by Meta on Coursera, where I acquired essential and market-relevant skills in front-end development. The course included a comprehensive range of topics and hands-on projects, covering:

- Introduction to Front-End Development
- Programming with JavaScript
- Version Control
- In-depth HTML and CSS
- Basics of React
- Advanced React
- Principles of UX/UI Design
- Front-End Developer Capstone Project
- Coding Interview Preparation
